PREFACE

This is the tenth annual edition of the Data Digest on Iowa Postsecondary Institutions.

Most of the information in this publication is drawn from the Higher Education General Information Survey (HEGIS), a nationwide study of postsecondary institutions carried out each year by the National Center for Education Statistics, U.S. Department of Education. The Iowa College Aid Commission coordinates the collection of the HEGIS data from Iowa colleges and universities.

Some of the statistical data in the Digest is obtained from sources other than HEGIS. Enrollment information is provided through an annual survey conducted by Jerald Dallam of the University of Iowa for the Iowa Coordinating Council for Post High School Education and through the Area School Division of the Department of Education. Data on student fees and financial aid are compiled by the Iowa College Aid Commission staff.

The Iowa College Aid Commission is indebted to the members of the Data Collection Committee appointed by the Iowa Coordinating Council, the Iowa financial aid officers who worked with Commission staff to provide data on student aid resources, and to the many Iowa college and university staff members who provided the information in the Data Digest.

The Data Digest is distributed to the executive offices and libraries at all postsecondary institutions in the state, to the Governor and Department of Revenue and Finance, to agencies concerned with education, to State Legislators and Iowa Congressional delegates. Copies are available to the general public for a fee of $10.

For clarification or explanation of data presented in this publication, the Commission suggests that the reader consult with the appropriate administrative personnel at the individual institutions. Any comments or suggestions for improvement in the content or format of this report will be gratefully received by the Commission.

IOWA ENROLLMENTS - FALL 1985

The information in this section was compiled from the Iowa College and University Enrollment Report prepared annually by the University of Iowa for the Iowa Coordinating Council for Post High School Education and from the Department of Education, Area School Division.

The first table shows the enrollment trends in the major sectors of postsecondary education between 1975 and 1985. In following tables, 1985 enrollments are summarized by residency, sex, full-time or part-time, and graduate or undergraduate status within each major sector and each institution. Data is confined to students enrolled in credit-bearing programs.

Since full data was not available for the independent trade and technical schools, enrollments for these schools have not been included.

STUDENT EXPENSES

The college budgets in this section are collected by the ICAC and include tuitions and mandatory fees (fees paid on an annual basis by all students), room and board in campus dormitories, plus a standard allowance for books and other education-related costs adopted by the ICAC for purposes of the state scholarship and grant programs. This standard allowance has increased from $750 in 1980-81 to $1,330 for 1986-87. Since the individual schools vary in their estimates of cost for non-fixed items (books, transportation, etc.), the total budgets reported may vary from those given in the college catalogs.

Most of the area schools do not have dormitory facilities and living expenses can vary considerably depending upon location and commuting distance. Therefore, this report does not attempt to estimate total budgets for area school students, but reports only the actual tuitions and mandatory fees provided by the Area School Division of the Department of Education.

The first table in this section shows the trend in average expenses by major Iowa sector between 1980-81 and 1986-87 and compares them to national averages. The following tables display the increases in college costs by institution over the same period of years.

All expenses in this report are calculated on the basis of the academic year (September to June).

DEGREES AND OTHER FORMAL AWARDS CONFERRED - 1984-85

The source of this report is HEGIS Form 2300-2.1, which collects data annually on degrees and other formal awards conferred during the previous academic year. The first table summarizes the degrees conferred by each sector of Iowa postsecondary institutions. The second group of tables shows the number of degrees conferred at each institution by level of degree and sex of recipients. The third group of tables gives the awards at each institution by level of award, major field of study and sex of recipient.
